IGF Anti-Doping Medication Check

✓ Should you need to take a medication for a valid medical condition, always refer to your doctor and mention that you are an athlete.
✓ Should you need to take a medication containing a prohibited substance for valid medical reasons and there is no other alternative, you should apply for a therapeutic use exemption (TUE). TUE form is available on the IGF website (www.igfgolf.org).
✓ Never take a medication by yourself.
✓ Beware of medications bought over the counter.
✓ Beware of food and nutritional supplements. Nothing can replace a balanced diet.
✓ Beware of medications with similar names that could be different from one country to another.
✓ Please remember that Players are ultimately always liable for what they are taking.
✓ The websites listed below may help you to identify relevant bodies which could help you in answering questions you could have regarding the fight against doping.
