

IGF TRANSPORTATION POLICY FOR 2018 WATC

The International Golf Federation's (IGF) Conditions of Entry for the 2018 World Amateur Team Championships (WATC) require that players must not ride on any form of transportation during a stipulated round, unless authorised by the IGF.

The following policy will be applied to any player requesting use of a golf cart for the 2018 WATC:

Requests

- Requests should be made by completing the Transportation Request Form and submitting it to the IGF. Each request will be considered on a case-by-case basis.
- Requests will only be granted to players who have a disability or a long-term degenerative medical condition.
- For the purposes of this policy, a player will be considered to have a disability if he/she has a physical impairment, and the impairment has a substantial and long-term adverse effect on his/her ability to carry out normal day-to-day activities.
- Requests will not normally be granted to players who are in a recovery process from an injury or illness.
- The IGF will use the information supplied on the [Transportation Request Form](#) and in any supporting documentation to assess and process requests for permission to ride or use a form of transportation during the 2018 WATC.
- The IGF may also disclose the information provided on the Transportation Request Form and in any supporting documentation as it deems is necessary for such purposes. This information will be destroyed no later than three months after the 2018 WATC.
- By signing and submitting the Transportation Request Form, the player consents to use of the information supplied on the form and in any supporting documentation for such purposes and in the manner outlined above by the IGF. The request cannot be processed if this information is not provided or if consent is withdrawn.
- The IGF will process the information provided on the Transportation Request Form or otherwise in accordance with the Information Privacy Policy at www.igfgolf.org.

The Golf Cart

- The golf cart is only to be used by the player. No captain, coach, other competitor or other person is permitted to ride on or use the golf cart for any purpose.
- The golf cart is to be used for transportation of the player and his clubs and is not to be used for any other equipment or other items beyond those which are customarily carried by a player walking in the competition.
- The golf cart will be driven on such areas of the golf course as directed by the IGF staff. This may be dependent on the weather conditions and health and safety

considerations, which at times may require the golf cart to be restricted to cart paths or to specific areas of the course.

- Where possible the IGF will provide a suitable golf cart for use.
- The golf cart will be collected from a designated area prior to the stipulated round and must be returned to this area on completion of the stipulated round.
- The golf cart must be driven at a customary walking pace and must not be used to go forward to the player's ball or to the next teeing ground sooner than would be possible if the player was walking.
- The golf cart is deemed to be part of the player's equipment and all Rules of Golf, Local Rules and Conditions of Competition regarding the player's equipment apply.
