

IGF statement regarding the murder of Celia Barquin Arozamena

The International Golf Federation was deeply saddened to learn of the tragic death of Celia Barquin Arozamena, whom we had the privilege of hosting as a representative of Spain when she tied for 12th place at the 2016 Nanjing Youth Olympic Games.

Beyond being a highly accomplished golfer who just this year won the European Ladies' Amateur championship and was named Iowa State University's Female Athlete of the Year, Celia was a wonderfully warm, vibrant person who was highly respected and represented the very best qualities of our sport and amateurism.

Our sincerest condolences go out to Celia's family and her many friends in Spain and at Iowa State University.
